2. Preface

Mahindra First Choice Wheels Limited ("the Company") is committed to conduct its business in accordance with applicable laws, rules, regulations, highest standards of business ethics, honesty, integrity and ethical conduct. Towards this end, the Company has adopted two separate Codes of Conduct viz. one for directors and the other for employees (collectively referred to as "Codes" or "the Codes") which lay down the principles and standards that should govern the actions of the Company, its directors and employees. Any actual or potential violation of the Codes, howsoever insignificant or perceived as such, would be a matter of serious concern for the Company. The role of the directors or employees in pointing out such violations of the Codes cannot be undermined.

The vigil mechanism as envisaged in the Companies Act 2013 and prescribed in the Companies Rules is implemented through the Whistle-blower Policy to provide a mechanism for directors and employees to report their genuine concerns. The Policy has been implemented to provide adequate safeguards against victimization of persons who use such mechanism and make provision for direct access to the Chairperson of the Audit Committee.

Accordingly, this Whistle-blower Policy has been formulated with a view to provide a mechanism for directors, employees and all stakeholders of the Company to approach the Chief Ethics Officer or the Chairperson of the Audit Committee to report events of unethical conduct. For any clarifications related to this Policy, you may reach out to the Chief Ethics Officer of the Company.

This Policy is in addition to the Codes and Policies and is to be read along with the existing Codes and Policies, which will continue to remain effective.

Subsequently, the Company would take steps to minimize difficulties, which the Whistleblower(s) may experience as a result of making the Protected Disclosure. The Whistle-blower will be provided protection during the course of investigation and protection will not be extended if the allegation is proved to be false or frivolous.
